CHAPTER _____

An act to amend Sections 164.15, 164.16, 408, and 501 of, and to add Section 301.2 to, the Streets and Highways Code, relating to transportation.

LEGISLATIVE COUNSEL'S DIGEST

SB 532, Cogdill. State Highway Routes 1, 108, 132, and 201.

Existing law gives the Department of Transportation full possession and control of all state highways. Existing law describes the authorized routes in the state highway system and establishes a process for adoption of a highway on an authorized route by the California Transportation Commission. Existing law also authorizes the commission to relinquish certain state highway segments to local agencies. Existing law identifies a system of interregional and intercounty state highway routes that are eligible for funding from funds made available to the department for interregional improvements, while other state highway improvements may be funded as regional improvements.

This bill would revise the authorized route description for State Highway Route 108 in Stanislaus County. The bill would include additional portions of State Highway Routes 108 and 132 in the system of interregional and intercounty routes eligible to be funded as interregional improvements.

This bill would also authorize the commission to relinquish to the City of Santa Monica a portion of State Highway Route 1 that is located within the city limits of that city, and to the City of Kingsburg the portion of State Highway Route 201 that is located within the city limits of that city, under certain conditions.
